CBD Letter to EPA re AGOF Aquifer Exemption & ESA Compliance (dated 5.6.16).pdf  
ATT00001.htm

FYI... looks like Joel B was CC'd. We can discuss next week.

Have a great weekend,

Alexa

**Subject:** Arroyo Grande Oil Field Aquifer Exemption: ESA Compliance

Dear Mr. Albright and Mr. Montgomery,

I am writing to submit the attached letter regarding the proposed Arroyo Grande Oil Field aquifer exemption.

As noted in prior letters from the Center for Biological Diversity to the EPA, we maintain that the EPA should immediately deny DOGGR's request for the aquifer exemption. However, in the case that the EPA seeks to approve the aquifer exemption, the EPA is legally required to comply with the federal Endangered Species Act ("ESA") and, prior to any federal exemption approval, engage in Section 7 ESA consultation with respect to the federally endangered Pismo clarkia and numerous other ESA-listed species found on or nearby the project site of the proposed aquifer exemption.

Please contact me if you have any questions.

Kind regards,

Jean Su
